About Lucid Diagnostics

Lucid Diagnostics Inc. is a commercial-stage medical diagnostics company focused on cancer prevention, and subsidiary of PAVmed Inc. (Nasdaq: PAVM). Lucid is focused on the millions of patients with gastroesophageal reflux disease (GERD), also known as chronic heartburn, who are at risk of developing esophageal precancer and cancer. Lucid's EsoGuard® Esophageal DNA Test, performed on samples collected in a brief, noninvasive office procedure with its EsoCheck Esophageal Cell Collection Device, is the first and only commercially available diagnostic test capable of serving as a widespread screening tool for at-risk patients to mitigate the risks of cancer and cancer deaths through early detection of esophageal precancer.
